PowerSchool’s Parent Portal is a tool integrated into the PowerSchool Student Information System (SIS) specifically developed for parents and students. In previous versions of the application there was a separate login and password for each student requiring a parent to login in multiple times if they had more than one student. This year we are introducing the new Parent Single Sign-On feature of the application. Parent Single Sign-On offers a number of benefits, including:

- Access to multiple students with one login
- A personalized account for each parent and guardian
- The ability for parents/guardians to retrieve their own login information

To get started, you must create your PowerSchool account and attach students.

**Creating Your PowerSchool Parent Portal Account**
