**B. Public Portion of Meeting**

Chairwoman Russo welcomed everyone to the meeting and thanked everyone for coming. Chairwoman Russo asked if anyone would like to address the board. Dana Paredes, 54 Barbara Lane, West Haven, CT addressed the board. Our annual Westies on Wheels Event will be on August 13, 2019 beginning at 4:00 PM until supplies run out which is usually around 5:30 All board members are invited to attend. This year stops will be Meadowbrook, Glade Street, Savin Rock Conference Center and either Forest School or the Allingtown Library depending on the parking situation. Rosemary Russo asked how did they do with getting supplies? Dana said they had a good year and they started fundraising for this event the day after the last event ended and we should do pretty well. The board gave thanks. Charwoman Russo asked three times if anyone else

would like to approach the board. There were no other speakers. Public Session closed at 6:09 pm.

## **REPORTS**

### **C.1.a. Administration/Status of Schools**

Superintendent Cavallaro said the main item tonight under administrative reports is the presentation on the school based health center. John Dixon from Bridges is not here yet so we will run through a couple of other things before the presentation. As you can see from tonight's agenda our administrative team and personnel office did an outstanding job of recruiting and hiring this summer. We are pretty set right now with only one or two openings remaining. We are in really good shape as of July for opening school next year. During the next board meeting we will have a final report. Jeff Grande updated Neil and the board via email on the computer implementation. The good news is regarding the Chromebook Deployment Project is they expect to be completed by mid-August so by the beginning of the school year all of the computers that we purchased and are part of the program that we implemented will be ready to go on day 1 and if that should change we will keep you updated.

Superintendent Cavallaro and Ken Carney spoke today and the contract for the Bailey roof was signed today and there is a completion date of around August 15<sup>th</sup>. There was a holdup with a bidder who didn't agree with the process and that is what took so long for the contract to be signed. Neil said a tour of the high school has been arranged for August 1<sup>st</sup> at 2:00 PM with Ken Carney for anyone who wants to view the school.

Jon Capone attended the board meeting and gave an update on the timeline of things that will be happening as far as the move for the next couple of weeks. The move process really started back in April with the teachers being notified about the move and having them start to pack. Dana put the roadmap together for everybody of where they are and where they are going. The teachers were extremely cooperative in getting all the boxes and materials they needed to pack. The day after graduation we were in at 7:00 AM that morning to begin the 1<sup>st</sup> move in what we are calling old to old. These are the teachers who were in the old building and will stay in the old building. This was anticipated to take 4 days and they finished in 2 ½ days and everybody in the first move was done. Meyers Moving had plenty of help and showed up the first day with 25 movers who really worked. We met with Gilbane last week and the second move will start with the main office, guidance, Dana's office, the secretaries etc. will take place on August 1<sup>st</sup> and 2<sup>nd</sup>. The second move which is much larger will take place on August 12<sup>th</sup> which includes the chorus room, everything from the band, theatre and shop classes and these are big moves and we have scheduled the whole week of August 5<sup>th</sup> to get this done and get everybody settled into their rooms and the cafeteria. The media center furniture will be delivered on August 19<sup>th</sup> and set up last and everything is scheduled to be done on time. We don't see any issues we will be ready to go the opening day of school. The board gave thanks.

Superintendent Cavallaro said we are concerned about the even more limited parking than last year. We are thinking of having some type of shuttle for students from the Savin

Rock Conference Center. We will remind everybody that driving to school, if you are a student, is a privilege. For all students and parents who take their students into school late to start using the new parking space because we don't want people to walk through the back of the building. We will block off some temporary 10 or 15 minute parking so parents can drop off their students who are late etc. These are the logistical things we are working on now. Dana and Ken have both been great and Jon has been terrific and we have been able to maneuver through everything. Dana anticipates a little bit of push back from this year's seniors with the new schedule and parking change but that will blow over. Neil said if there is an issue and we know about it we will do our best to resolve it.

Superintendent Cavallaro said John Dixon from Bridges and Ludwig Spinelli from Optimus Health Care are here and we have been talking and working with them regarding bringing a school based health center to WHHS. Obviously with the move it will be a temporary office spot this year but we will accommodate them and we see this as a real plus for us and for our students to get immediate health care both physical and emotional. It is a way to get kids into school that are having trouble with physicals. After meeting with them several times we are excited about this and don't see any downside to it. There is no cost involved to the board of education which is a positive. Neil thanked them for all of their help, support and time they have spent with us so far.

Mr. John Dixon and Mr. Ludwig Spinelli gave the presentation. Mr. Dixon said they have been doing this since 2009 and have over 10 years of experience and currently operate quite a few health centers in Bridgeport as well as in Stratford and in two technical schools Bullard Haven in Bridgeport and also Platt Technical in Milford. These are school based health centers that were operated by the city and turned over to us. This is a way of providing care without taking away from one's primary care; we are not here to replace primary care. We have a variety of health care that is convenient and accessible. We operate under regular school hours between 8:00 AM and 4:00 PM. We do need student's parental permission to provide treatment. We work in collaboration with the school nurse. Optimus runs a primary care site at our primary site at Bridges in Milford. Board members asked questions after the presentation and received answers from both Mr. Dixon and Mr. Spinelli. Dana Paredes has put the complete presentation on our website. Questions were asked by board members and responded to.

#### **C.1.b. Student Representatives' Report**

There will be no reporting from the student representatives until September. Brendan Carew will be returning next year and the two new student reps will be Mackenzie Gardner and Anthony Lendrella. Congratulations and applause followed.

#### **C.1.c. Board**

Jim Morrissey sees there are a lot of retirements, resignations and new hires and he wants to wish everybody well. He sees Mrs. Susan Rawden is retiring and she was a teacher at Forest first then Mackrille for many years. She taught all three of his children in third grade and was a wonderful teacher. Time marches on and he wishes her nothing but the best on as all of his kids are in their twenties. He sees Joe Morrell is stepping down as the head boy's hockey coach and he was his son's hockey coach at WHHS and he was a

great coach and Jim wishes him nothing but the best and he is sure he will be successful. Rosa Richardson welcomed all of the new hires and wishes them well. For those who came to the meeting she personally congratulated and thanked them for their service. Rosa has also spent time with Mrs. Rawden over the years as she was Rosa's nephew's teacher. She is a sweetheart and she is glad that she will be spending some quality time with her grandkids; she deserves it. Rosa is grateful to Neil, Dana and Dr. Druzolowski for putting this program together and she thinks it will be a huge benefit to not only our students but also their parents. Patrick Leigh echoed Rosa and Jim's comments and congratulated all the new hires. He is glad to see some of you here tonight. Karen Pacelli said the same here congratulations and she wished all the retirees good luck in their new endeavors. Pat Libero said the same thing congratulations to the new people and thank you for coming tonight and congratulations to those retiring and congratulations to Wendy Charbonneau who she got to work with a little bit last year she helped out a lot. Pat could see her energy was there and she will be a great addition to the team. Pat also thanked Jon Capone and Dana for doing this move as she would not like to be in charge of it. Sue Walker congratulated all the new hires, especially Wendy who she worked with for a long time. Good luck to Susan Rawden and Sue Duplinsky on their retirement in June. Sue also gave gratitude to Joe Morrell for leading the hockey team all of these years. Sue remembers when Joe was a high school student. Sue wanted to mention that we lost one of our long time teachers who had retired Vincent Vollono who was the Industrial Arts Teacher at Carrigan and was a great guy. Mayor Nancy Rossi congratulated and welcomed all the new teachers, paras and all the new hires and obviously wish the retirees the best healthy, happy retirements that are well deserved; everybody welcome. Chairwoman Russo said on that note with the new hires she doesn't want to embarrass anyone but she does want to recognize anyone who came to the meeting. Rosemary acknowledged the following new teachers who were at the meeting: Sarah Pandolfi is at Forest for Special Education, Weston Gambardella is at West Haven High School for Social Studies, and Wendy Charbonneau is at West Haven High School as an Assistant Principal. Applause and congratulations followed after each person stood.

Chairwoman Russo said the other thing she would like to talk about is that board members all have received Neil's reflection on his goals and she would like to take this opportunity to discuss Neil's final reflection of his 2018 -2019 board approved goals. I would like to take this opportunity to discuss Neil's Final Reflection of the 2018-2019 Board Approved Goals. I am glad he chose this format because I feel it really gives us a good picture of all that was accomplished this school year. Neil has presented in detail not only the highlights of academic achievement for the district which has been outstanding, but also the progress that has been made to upgrading our facilities which has also been outstanding. West Haven High School being the best example of this. Our children will now be housed in a building that will meet the needs of twenty first century learners. Plans for the

renovation of Washington School, our oldest school, are moving forward. Upgraded computer labs and devices will be available for all students in the upcoming year. Vehicles and equipment for our maintenance department have also been purchased. Promoting the school district and its accomplishments has been difficult without a Communications Director but teachers and administrators have worked very hard to promote all of the wonderful things happening in our schools. And once again all of this happened while maintaining a balanced budget.

As you can see many good things have been happening in the District but they have been able to be completed through sacrifices made by all our teachers and employees. Neil put it best when he stated that “it should never come to having to choose between hiring and retaining the best teachers and the equipment needed for students to reach their potential.” Unfortunately we all know the financial constraints that face us yearly, but we also have to stay mindful that it is not up to teachers and staff to continually make up the difference.

I also believe that all of these good things do not just happen by chance. West Haven is very lucky to have a team that works very well together and also works endlessly to give our children all of the skills necessary to grow and be successful. And yes, there are always bumps in the road and sometimes not everyone agrees or is happy but we always seem to be able to move forward. I think leadership plays a major role. We can either sink or float and I believe Superintendent Cavallaro has been key in keeping our District on the right course. With that being said, I recommend that this Board place a statement in his file reflecting that he has very successfully completed his goals. Thank you Neil for a good year.

Neil thanked Rosemary and said we have already started our initial conversations for next year so we will be presenting something pretty shortly.

Rosa Richardson said she would like to make that in the form of a motion. Rosemary said OK motion, Pat Libero seconded it; Neil said you would have to add this to the agenda if you were going to make it in the form of a motion. Rosemary asked if we can do it next meeting? You can do it now or put it on the next meeting agenda. Rosa said you just need 2/3<sup>rd</sup> vote. Neil said you can add it but it does need to be added to vote on it. Rosa said once we get into it we have other things we have to add. Rosemary said we can add it now if someone wants to make a motion.

#### **C.1.d. Committees**

Chairwoman Russo asked board member to keep in mind that the school year is starting and you might want to have the committees meet at least once in the fall. Some committees met and some didn't meet last year so it might be nice to start the year off fresh with reporting to the board about what your committee found so if there are problems or questions we can take care of it right in the beginning of the year.
